

Brentwood Family Pet Care

Senior Pet Care Package

PHYSICAL EXAMS

Many pet owners think that the sole purpose of their pet's annual visit is to get 'shots'. The truth is, a wellness exam covers far more than vaccines and is one of the best ways to avoid or diagnose early onset of preventable disease.

LABORATORY TESTING

Blood Chemistry and Urinalysis tests are performed annually to assist your veterinarian in evaluating your pet's overall health on the inside as well as the out.

PARASITE DETECTION

With annual parasite testing you can rest assured that your pet is free from all sorts of nasty parasites - those you can see and those you can't!

VACCINES

Protecting your pet with vaccines is the front line of defense in controlling many preventable diseases.

RADIOLOGY

Muti-view digital x-rays provide a look inside your aging pet for signs of organ and orthopedic abnormalities.

DISCOUNTS

Get the best medicine for your pet plus receive a 5% discount for ALL the family pets for the next 12 months! You can use this savings on everything from over the counter retail products like food, treats, supplements and shampoo to veterinary exams, additional vaccinations, Heartworm and Flea products, medications, lab work, x-rays, even surgery! It can really add up over a year!

“Loving your pets like you do”

Comprehensive Physical Evaluation
Including Ophthalmic exam, Tonometry,
Otosopic and Microscopic Ear Assessment
Neurologic testing, Cardiovascular, Pulmonary, Lung,
Urogenital and Musculoskeletal Exam with
Abdominal Palpation plus Dental, Mouth, Skin, Coat
and Weight Evaluation

Internal Organ Function Laboratory Tests
Blood Chemistry and Urinalysis tests are performed to assist your veterinarian in evaluating your pet's overall health on the inside as well as the out. Blood cell count, Differential exam of blood cells, Calcium, Phosphorus, Liver, Kidney, Cholesterol and Diabetes screening plus Heartworm testing.

Complete Parasite Testing
Testing is included twice a year for the following parasites: Roundworms, Whipworms, Tapeworms, Hookworms plus Microscopic Organisms.

Vaccines
The complete series of Dhppc (L), Influenza, Bordetella plus a 3 year Rabies vaccine.

Radiology
X-rays of your pet's skeletal structure will be taken and assessed by your veterinarian for signs of osteoarthritis and other abnormalities of the internal organs.

Comprehensive Progress Exam
Complete exam of the body systems, rechecking bloodwork and urinalysis for any changes since your pet's last visit. Semi annual progress exams allow your veterinarians to detect, treat, or ideally prevent health problems before they become life threatening. They also provide you with the opportunity to ask your veterinarian questions about nutrition, behavior, dental health, bad breath or other issues. Plus it gives us another opportunity to love your pet like you do!

Total Package Price \$ 981.74

Deposit \$ 250.00

6 Low Monthly Payments of \$ 121.96

An easy and affordable way to get the best care for your pet.
